

WORTH A LOOK

Lamellar Mode Precare C by Faith Cosmetics is a very unique formula, blending freeze-dry fresh collagen and essence water with vitamins. Faith Fresh Collagen is a patented ingredient that is composed of fresh collagen wrapped around the surface of a nano-capsule. This patented technology can carry the fresh collagen into the stratum corneum to moisturize the skin. Also, with a blend of both hyaluronic acid and elastin hydrates, it adds suppleness for moist and healthy skin. faith-america.com

FANIÉ International's **Professional Unveil Skinsation** is a unique product that has many benefits, including helping to lighten discolored pigmentation skin areas of the face and body by hydrolyzing dead and dying surface skin cells that rinse away with water. Professional Unveil Skinsation provides a chemically warm sensation that helps flush the tiny capillaries that detoxify while oxygenating healthy skin cells from within. 949-598-4500 or fanie.com

Blushing Agave Body Oil by FarmHouse Fresh, from their new Organics Collection, is a luscious mixture of certified organic oils – sunflower seed, safflower seed, sweet almond – along with agave tequilana leaf extract and vitamin E. Each product in the new Organics Collection is vegan and free of GMOs, synthetic herbicides and pesticides, as well as other traditionally problem-prone ingredients like parabens and sulfates. 888-773-9626 or farmhousefreshgoods.com

LightStim's **LED Bed** is a soothing, natural, and non-invasive treatment that promotes total body wellness and peak physiological function. As the first LED bed to gain over-the-counter FDA clearance, it encompasses 18,240 LED lights designed to rejuvenate, repair, and energize every cell in the body. LightStim MultiWave® patented technology simultaneously emits multiple wavelengths of light that work together to increase blood circulation and reduce inflammation so your body can naturally relieve pain, speed healing, and promote total body wellness. 949-502-4088 or lightstim.com

GR8/SKIN's **Reveal: Non-Stripping Peel** lets clients reveal their true complexion by being the star of their 30-minute facial. This non-stripping peel has a pH of 2.8. Mandelic acid works together with fruit acids to gently clear away old skin cells, delivering a fresh, new glow. This peel can be layered for deeper results, catering to specific skin care needs. 855-447-8756 or gr8skn.com

ilike organic skin care's new **brightening serum** is a concentrated liposome gel that combines parsley, horseradish, lemon, stonecrop, bearberry, and a key new skin brightening ingredient sourced from castor seed, undecylenoyl phenylalanine. This star ingredient acts as a catalyst to lighten, repair, and prevent hyperpigmentation due to sun exposure, hormonal disorders, or irritation. In addition, this serum also deeply hydrates and regenerates all skin types. 888-290-6238 or ilikeorganics.com

Non-Tinted Sunscreen SPF 30 by GLOWBIOTICS MD is an ultra-sheer, non-irritating physical sunscreen with complete broad spectrum UVA/UVB protection that is enhanced with a plant-based liposome delivery system and a unique probiotic anti-microbial peptide. The unique, lightweight formula contains physical, mineral sun-blocking ingredients free of chemicals and easily absorbs into the skin while providing gentle hydration. It is also made without phthalates, sulfates, FD&C dyes, parabens, and mineral oil and is cruelty-free. 877-423-1314 or glowbioticsmd.com
