

DCL Dermatology Cosmetic Laboratories' **"C" Scape** skincare line includes an antioxidant-rich cleanser, a firming eye cream and a 20% L-ascorbic acid night cream. "C" Scape products use a time-release delivery system to protect and rejuvenate skin with a triple vitamin C complex that includes tetrahexyldecyl ascorbate, magnesium ascorbyl phosphate and L-ascorbic acid. **Contact: 800.552.5060, dclskincare.com.**

AnteAGE Serum and Accelerator speed healing following laser skin resurfacing with a combination of cytokines (immunoregulatory proteins including growth factors, interleukins and interferons) derived from cultured cells and known to mediate growth, wound healing and aging. In clinical application, this two-stage topical has been shown to shorten the recovery time of fractional CO₂ laser treatments by as much as 40% with reduced redness and swelling. **Contact: 877.350.6350, anteage.com.**

The **Glow Forward Thermal Probiotic Enzyme Treatment Mask** from mybody is a two-step treatment that blends probiotics and biomimetic plant-derived enzymes to dissolve dead skin and stimulate regeneration. The Enzyme Mask features catalase and squalane to protect skin from UV damage. The Oxygen Activator features probiotic-derived bioactives and beta glucan to stimulate collagen production and boost skin immunity. **Contact: 877.423.1314, lovemybody.com.**

The **Blemish Banisher Peel and Blemish Banisher Mask** from DermAware reduce active acne and heal skin. The peel combines vitamin A, niacinamide and carboxylic acids to exfoliate skin and clear pores. The post-care mask uses healing minerals, anti-inflammatory botanicals and skin-renewing peptides to soothe skin. **Contact: 888.292.3376, dermaware.com.**

Nature Pure Labs' **Age Antidote Complex** features tomato-derived lycopenes, which offer antioxidant and carotenoid properties to boost skin immunity and reduce inflammation, plus yam-derived diosgenin to restore cell proliferation. Additional ingredients include hyaluronic acid and panthenol for hydration, and green tea and shiitake mushroom to promote elasticity. **Contact: 866.640.7546, naturepure.com.**
