Aroma Blotchiness Facial Treatment

from private label manufacturer Spa de Soleil helps calm and manage redness caused by broken capillaries and skin irritation. Ingredients include squalane to hydrate and promote cell turnover; antioxidant ascorbic acid; rosa centifolia flower extract to condition and soothe; and horse chestnut to calm inflammation and aid circulation. **Contact: 818.504.3200, spadesoleil.com.**

The **Probiotic Soothing Gel Mask**, part of mybody's Calm After The Storm skincare line, cools and refreshes skin while delivering nutrients and moisture. The gentle gel mask is formulated with skin-conditioning phospholipids, probiotic-derived bioactives to boost skin immunity, anti-inflammatory and anti-itch SymCalmin, and humectant hyaluronic acid.

Epionce **Intensive Nourishing Cream** hydrates and rejuvenates damaged skin. The highly emollient formula contains date fruit, onion and meadowfoam extracts as well as yeast and potato peptides, ursolic acid and azelaic acid; used daily, it strengthens and repairs the skin barrier to reduce symptoms of rosacea while moisturizing and stimulating collagen synthesis. **Contact: 866.374.6623, epionce.com.**

EltaMD **Barrier Renewal Complex** blends vitamins and enzymes to moisturize and improve dry, compromised skin. Ceramides and lipids strengthen the skin barrier and restore natural hydration; proteolytic enzymes reduce inflammation and soothe the skin; antioxidant vitamin E banishes free radicals; and biotin promotes lipid synthesis to support the overall structure of the skin. **Contact: 800.633.8872, eltamd.com.**
